

# Kobe University BEVI Workshop

Global Education Center is going to organize a special workshop where you can learn the theoretical as well as practical aspects of the [Beliefs, Events, and Values Inventory \(BEVI\)](#), and how we can use it to assess student learning abroad. No prior knowledge is assumed, and anybody interested is welcome to join. The workshop is offered primarily in English in the hybrid format that allows you to join us either face-to-face or online. Registration is required.
